TOWN OF FAIRFAX

SUBJECT: CONSOLIDATION FEASIBILITY STUDY STEERING COMMITTEE

The Ross Valley Sanitary District is in the process of conducting a Consolidation Feasibility Study. At this stage, the goal is to have a Steering Committee which will receive information on behalf of the community and offer feedback to the consultant. The Committee will be meeting once a month for approximately three hours in the evening to discuss the benefits/costs to Ross Valley ratepayers of the consolidation of sewer districts in Central Marin. The tentative dates for the upcoming meetings of the Steering Committee are: April 24, May 22 and June 19, 2012.

The District would appreciate if your body could choose one member willing to serve on the Committee and be available on the suggested dates to attend the Committee's meetings and report back to the community.

Sincerely,

Standing Committee on Consolidation
Investigation and Feasibility Study

cc: Michael Rock, Fairfax Town Manager
