**RECOMMENDATION**

Approve sponsorship of a Skate and Surf movie night at Contratti field and the Pavilion parking lot from 4:00pm to 10:30pm on September 27, 2013

**DISCUSSION**

Councilmember Goddard has requested that the Council sponsor a Skate (board) and Surf movie night event be scheduled at Contratti field and the adjacent Pavilion parking lot on September 27, 2013. The event will be underwritten by Live Water Surf Shop and is free to the community. In addition to a Skate and/or Surf movie, Live Water intends have educational booths and food vendors at the event. The event is slated to run from 4:00pm to 10:30pm, which includes time to set up before and clean up after the event. We do not anticipate any conflicts with any Little League activities.

The intent of the event is to act as a "pilot event" to encourage youth to participate in Town activities as well as generate interest in future FOCAS programs for pre-teens and teens in the community. The event would be covered by the Town's insurance policy with the exception of any possible skateboarding exhibitions. Live Water has indicated they are exploring the concept of installing a temporary skateboarding ramp for the event.
