To: Mayor Renee Goddard <rgoddard@townoffairfax.org>; Council Member John Reed <jreed@townoffairfax.org>; Council Member Barbara Coler <bcoler@townoffairfax.org>; Council Member Peter Lacques <placques@townoffairfax.org>; dweisenoff@townoffairfax.org; Michele Gardner <mgardner@townoffairfax.org>
Subject: Mr Egger for Vector Control Board

To Whom It May Concern;

As a Fairfax resident I urge you reappoint Mr. Frank Egger to the Vector Control Board. He is against the use of pesticides when ever possible. This is something I support and he has done a good job over the years. Thank You.

Jack Johnson, Glen Drive, Fairfax.

Dear Fairfax Council Members,

On January 13th you will be appointing our town's representative to the Mosquito Vector Board. Frank Egger has done an excellent job on the board, representing the values of our town, keeping it as nontoxic as possible. The other candidate, David Jones, has worked in the pest control industry using toxic chemicals....not a good match for Fairfax! I urge you to vote for Frank Egger for this position.

With thanks,

Diane Hoffman

Subject: Trustee Recommendation

Dear Councilmembers,

I'm writing to recommend Frank Egger for Fairfax's representative to the Marin-Sonoma Mosquito and Vector Control District Board. His experience in this area is vast enough that I don't need to recount it here. Most importantly, he has tirelessly upheld the interests of the people of Marin in finding non-toxic solutions to insect invasions, and he respects the public's right to know all the issues behind any eradication or control program.

I place complete trust in Frank to represent Fairfax in this position.

Sincerely,
Roberta Anthes

Subject: Reappoint Frank Egger to Mosquito Board

Dear Mayor and members of the Council

Frank Egger has served on the Marin-Sonoma Mosquito & Vector Control District Board since 2004. Frank has supported least toxic alternatives for mosquito control and has been instrumental in helping the District become a statewide leader for its education program. He is being apposed this term by a pest control operator. Reappoint Frank to this board as he supports least toxic solutions consistent with the majority of Fairfax residents.

Subject: Frank Egger for Mosquito Abatement Rep

Dear Fairfax Councilmembers,

As a former long time resident (20+ years, and now in Mill Valley), I have always been able to rely on Frank Egger to represent my interests fairly. His judgement, long experience and leadership, especially in his restraint in the use of pesticides, recommends him to be our voice of reason on the Marin/Sonoma Mosquito Vector Control district. I understand that his opponent has an active pesticide license and a much different perspective on their use. The City of Fairfax has been a leader in dialing back the use of pesticides. The choice is clear. Thank you for your attention to this important issue which will effect everybody in the Marin and Sonoma counties. Sincerely, April Post
