INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Town Council
of the Town of Fairfax
Fairfax, California

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Fairfax, California (Town) as of and for the year ended June 30, 2009, which collectively comprise the Town's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Fairfax, California, as of June 30, 2009, and the respective changes in the financial position and cash flows, where applicable, thereof in conformity with generally accepted accounting principles in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated September 23, 2010, on our consideration of the Town of Fairfax's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and the Required Supplemental Information are not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The Supplemental Information listed in the Table of Contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. This information has been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Town of Fairfax Management's Discussion and Analysis

This discussion and analysis of the Town's financial activities and performance provides an overview for the fiscal year ended June 30, 2009. Please read this in conjunction with the Town's financial statements, which follow this discussion and analysis.

GOVERNMENT-WIDE HIGHLIGHTS

- The Government-Wide Statement of Net Assets appears as the first statement of the Basic Financial Statements and is summarized in this Management's Discussion and Analysis section. The statement shows the Town's assets to be \$11,480,566, liabilities of \$8,281,429 and net assets of \$3,199,137 at June 30, 2009. This compares with assets of \$12,836,330, liabilities of \$8,681,161 and net assets of \$4,155,169 at June 30, 2008.
- The Government-Wide Statement of Activities and Changes in Net Assets appears as the second statement of the Basic Financial Statements and is summarized in this Management's Discussion and Analysis section. This statement shows a decrease in net assets of \$956,032 for the fiscal year ended June 30, 2009 as compared to an increase of \$1,144,005 for the fiscal year ended June 30, 2008. Revenues for fiscal 2009 decreased by \$1,796,040 from the prior year primarily due to reduced flood related disaster funding reimbursements, and reduced Measure K contribution. Expenses for the same period increased by \$303,997, mainly as a result of increased cost of public safety, parks and interest on long-term debt. The Town experienced vacancy in public works.
- The Town's long-term debt (including current portion) totaled \$7,130,204 as of June 30, 2009, which includes the outstanding balance on the Measure K bonds. Additionally, the Town has accrued \$215,862 of non-current claims payable.

FUND HIGHLIGHTS

At the close of fiscal year 2009, the Town's governmental funds reported a combined ending fund balance of \$2,761,657, as compared to \$4,748,870 at June 30, 2008. The detailed components of Revenues and Expenditures can be found in the accompanying Statement of Revenues, Expenditures and Changes in Fund Balances.

TOWN'S HIGHLIGHTS

During 2008-2009, the Town accomplished the following:

- Due to the experience of a flood disaster at mid-year on December 31, 2005, the Town was required to respond and provide immediate emergency clean-up and assessment of damage to Town properties. For the last three years, the Town was involved with repairing the damaged infrastructure and getting reimbursement from the Federal Emergency Management Agency (FEMA) and the California Office of Emergency Services (OES). The Town continued to be active in the regional efforts to respond to the disaster through FEMA and OES.
- The Town remained active in a regional flood control and watershed protection effort, the Ross Valley Flood Protection and Watershed Program. This program has emerged through the leadership of the County of Marin, and an election was held to assess property owners a flood mitigation fee that would leverage local funding to secure state and federal funding for improvements to the Ross Valley watershed to mitigate future flooding. The measure passed but is held up in the courts due to a law suit that seeks to overturn the election process.
- The Town received the fourth year of taxes under a new five-year special municipal services tax. Measure F provides approximately \$465,000 per year for police and fire services, public works safety improvements and grant matching funds, and the after-school youth program.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Town's basic financial statements. The Town's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements consist of a Statement of Net Assets and a Statement of Activities and Changes in Net Assets. These statements are designed to provide readers with a broad overview of the Town's finances, in a manner similar to a private-sector business. They provide information about the activities of the Town as a whole and present a longer-term view of the Town's finances.

The Statement of Net Assets presents information on all of the Town's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Town is improving or declining.

The Statement of Activities and Changes in Net Assets presents information showing how the Town's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, some of the revenues and expenses reported in this statement may result in cash flows only in future fiscal periods, such as revenues related to uncollected taxes and interest expense incurred but not paid.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other governmental entities, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Funds of governmental entities are divided into two categories: governmental funds and business-type funds.

Governmental funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on (1) short-term inflows and outflows of spendable resources and (2) the remaining year-end balances available for spending. This information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental fund financial statements is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and statement of revenues, expenditures, and changes in fund balances provide a reconciliation to assist the reader with this comparison between governmental funds and governmental activities.

The Town maintains 18 individual governmental funds. In the governmental funds balance sheet and statement of revenues, expenditures, and changes in fund balances, information is presented as Major Fund and Non-major Governmental Funds. The Major Fund includes the following funds of the General Fund:

- General Fund
- Dry Period Financing Fund
- Equipment Replacement Fund
- Building and Planning Fund
- Communication Equipment Replacement Fund
- Retirement Fund
- Office Equipment Replacement Fund

The balance of the funds is represented in the Non-major Governmental Funds, and is further broken down into three categories here: Special Revenue, Capital Projects, and Debt Service.

Special Revenue funds generally account for revenues derived from specific sources. These funds are required by statute or ordinance to finance particular functions or activities of government. They include the following funds:

- Gas Tax Fund
- Special Police Fund
- Open Space Fund
- Youth Recreation Fund
- Measure F Municipal Services Fund
- Measure K Fund

Capital Projects funds are used to account for financial resources used for the acquisition or construction of major capital facilities, infrastructure, and equipment other than those financed by proprietary funds. They include the following funds:

- Grants Fund
- Fairfax Creek Restoration Fund
- Town Fund

The Measure K Debt Service funds are used to account for principal and interest payments on the Town's Measure K bond debts:

- Measure K Debt Service Series 2000 Fund
- Measure K Debt Service Series 2002 Fund
- Measure K Debt Service Series 2006 Fund
- Measure K Debt Service Series 2008 Fund

Agency Funds

Agency funds are used to account for assets held by the Town in a fiduciary capacity or as an agent for individuals, governmental entities, and others. The Pavilion Renovation Fund accounts for assets held by the Town to be used for renovation of the Pavilion.

Business-type Funds

The Town maintains no business-type funds.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements follow the basic financial statements.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information other than this discussion and analysis concerning the Town's budgetary comparison schedules and PERS schedule of funding progress.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The Town has presented its financial statements in accordance with GASB Statement No. 34, *Basic Financial Statements – Management’s Discussion and Analysis – for State and Local Governments*. Please note that the Town does not conduct any business-type activities and therefore, all financial analysis schedules only show governmental activities.

Net Assets

Net assets for the Town are summarized below and an analysis follows:

	Governmental Activities		Percentage Change
	2009	2008	
Cash and investments	\$ 2,795,184	\$ 4,608,003	-39.3%
Capital assets, net	7,949,645	6,699,065	18.7%
Other assets	735,737	1,529,262	-51.9%
Total assets	11,480,566	12,836,330	-10.6%
Current liabilities	908,878	1,445,056	-37.5%
Non-current liabilities	7,377,551	7,236,105	2.0%
Total liabilities	8,281,429	8,681,161	-4.6%
Invested in capital assets, net	555,736	1,824,309	-69.5%
Restricted	1,245,010	671,168	85.5%
Unrestricted	1,398,391	1,659,692	-15.7%
Net assets	\$ 3,199,137	\$ 4,155,169	-23.0%

Net assets invested in capital assets (e.g. land, buildings, equipment, and infrastructure) of \$555,736 at the end of fiscal year 2009 represents the cost of these assets less any outstanding debt used to acquire those assets. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Resources needed to repay the outstanding debt must be provided from other sources other than the related assets, because the capital assets themselves cannot be used to repay these debts.

Restricted net assets of \$1,245,010 at the end of fiscal 2009 represent resources that are subject to external restrictions on how they may be used. The remaining unrestricted net assets balance of \$1,398,391 may be used to finance day-to-day operations without constraints.

Changes in Net Assets

Changes in net assets for the Town are summarized below and an analysis follows:

	Governmental Activities		Percentage Change
	2009	2008	
Revenues:			
Program revenues:			
Charges for services	\$ 699,251	\$ 897,807	-22.1%
Operating grants & contributions	680,720	1,645,287	-58.6%
General revenues:			
Taxes	6,697,132	6,272,885	6.8%
Intergovernmental	5,470	1,062,385	-99.5%
Use of money & property	30,624	203,016	-84.9%
Miscellaneous	206,688	34,545	498.3%
Transfers	-	-	
Total revenues	8,319,885	10,115,925	-17.8%
Expenses:			
General government	1,085,739	1,000,229	8.5%
Public safety	4,870,470	3,986,866	22.2%
Public works	1,958,296	2,804,064	-30.2%
Planning & Building	575,610	544,545	5.7%
Parks and recreation	316,193	276,542	14.3%
Interest on long-term debt	469,609	359,674	30.6%
Total expenses	9,275,917	8,971,920	3.4%
Change in net assets	(956,032)	1,144,005	-183.6%
Net assets - beginning of year	4,155,169	3,011,164	38.0%
Net assets - end of year	\$ 3,199,137	\$ 4,155,169	-23.0%

Net assets decreased \$956,032 during the fiscal year ended June 30, 2009. Total revenues for fiscal year 2009 were \$8,319,885 as compared to \$10,115,925 for fiscal year 2008. The approximately \$1,796,040 decrease in revenues is mainly attributed to lower revenue from charges for services; reduced planning and building fees, reduced Measure K contribution as the funds have been predominately expended, reduced flood disaster related reimbursements as the FEMA projects are winding down, property taxes associated with reduced or stagnant assessed property values, and reduced revenues from investment earning due to falling interest rates with LAIF.

Total expenses for the year ended June 30, 2009 were \$9,275,917, compared with \$8,971,920 for the same period in 2008. The approximate \$303,997 increase in expenses primarily reflects increased costs in public safety, parks and recreation, and funds expended in interest on long-term debt. These are partially offset by a vacancy in public work.

ANALYSIS OF MAJOR GOVERNMENTAL FUNDS

General Fund

The general fund is the chief operating fund of the Town of Fairfax. At the end of the current fiscal year, unreserved, undesignated fund balance of the general fund was \$1,508,675.

General Fund revenue during the FY 08-09 year totaled \$6,404,394, which was more than the final budgeted amount by \$398,998, or 6.2%. This revenue increase primarily relates to a combination of revenue increases in sales tax, other agencies, and miscellaneous, which helped offset the reduction in property tax, fines, and fees.

General Fund expenditures for FY 08-09 totaled \$7,158,466, and were higher than the final budgeted amount by \$231,856 or 3.2%. This is related to an increase in public safety, claims, debt service, interest and fiscal charges.

Measure K Debt Service Series Funds

Fund Balances at June 30, 2009:

Measure K Debt Service Series 2000 Fund Balance	\$ 325,590
Measure K Debt Service Series 2002 Fund Balance	\$ 550,199
Measure K Debt Service Series 2006 Fund Balance	\$ 321,436
Measure K Debt Service Series 2008 Fund Balance	\$ 39,757

Principal and interest payments on the Series 2000 Measure K bonds for fiscal year 2008-09:

Measure K Debt Service Series 2000 Principal and Interest,	\$ 1,975,000 and \$ 58,132
Measure K Debt Service Series 2002 Principal and Interest,	\$ 40,000 and \$ 141,365
Measure K Debt Service Series 2006 Principal and Interest,	\$ 55,000 and \$ 90,550
Measure K Debt Service Series 2008 Principal and Interest,	\$ 0 and \$ 37,696

The 2000 General Obligation Bonds in the principal amount of \$2,065,000 were issued on May 1, 2000, by the Town. These Bonds were refunded through the issuance of the 2008 General Obligation Revenue Bonds on August 21, 2008.

ECONOMIC OUTLOOK AND NEXT YEAR'S BUDGET

At the end of Fiscal Year 2008-09, the Town Council negotiated memoranda of understanding with all its employee groups, providing for fair salary and benefit increases to enhance recruitment and retention of staff. Generally the Town prefers to negotiate multi-year agreements which allow the Town to budget predictably over a multiple year period, and provided staff with incentives for retention. Due to the current economic condition, the agreements adopted were one two-year, and two one-year, as the Town and the employees weather the volatile economic climate. In Fiscal Year 2008-09 the Town still experienced the continued necessity to stem the growth of expenditures, and thus one Police Officer position and one Administrative Assistant position remain frozen and unfilled. The Town is currently pursuing various means of minimizing employee benefit cost growth.

The Town ended the Fiscal Year 2008-09 in a positive fiscal situation, despite the devastating effect the 05-06 flood disaster had on the Town's physical and financial assets. The Town completed Fiscal Year 2008-09 with some FEMA projects still incomplete and/or awaiting the results of state and federal funding applications for reimbursement.

As a result of the flood disaster, class action flood lawsuits were filed, naming the Town of Fairfax as one of several government agency defendants who were, according to the claims, allegedly negligent in flood control and thus responsible for the financial impact of the flood disaster. The total of the flood lawsuits is approximately \$800 million. The Town is a member of the Bay Cities Joint Powers Insurance Authority, which has several layers of coverage. A specialist attorney is representing the Town and other entities in this legal challenge. At this time, the flood lawsuits are pending and their potential outcome and financial impact on the Town is not known.

Reimbursement for the Town's remaining few flood disaster projects is still being determined, and the completed FEMA projects are being submitted to audit. With the projections of a slowing economy and a State budget facing significant structural deficits, the Town needs to proceed over the near future with caution and mindfulness of the threats to its financial stability.

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, creditors and government regulators with a general overview of the Town's finances and to demonstrate the Town's accountability for the money it receives. Below is the contact address for questions about this report or requests for additional financial information.

TOWN OF FAIRFAX
 Reconciliation of the
 GOVERNMENTAL FUNDS -- BALANCE SHEET
 with the
 STATEMENT OF NET ASSETS
 JUNE 30, 2009

Total fund balances reported on the governmental funds balance sheet \$2,761,657

Amounts reported for Governmental Activities in the Statement of Net Assets
 are different from those reported in the Governmental Funds above because of the following:

CAPITAL ASSETS

Capital assets used in Governmental Activities are not current assets or financial resources and
 therefore are not reported in the Governmental Funds. 7,949,645

ACCRUAL OF NON-CURRENT REVENUES AND EXPENSES

Revenues which are deferred on the Fund Balance Sheets because they are not available
 currently are taken into revenue in the Statement of Activities. 117,593

LONG-TERM ASSETS AND LIABILITIES

The assets and liabilities below are not due and payable in the current period and therefore are not
 reported in the Funds:

Long-term debt	(7,130,204)
Unamortized bond premium	(129,988)
Interest payable	(133,717)
Deferred charges	280,141
Claims payable - due in more than one year	(215,862)
Non-current portion of compensated absences	(300,128)
	(7,929,750)

TOWN OF FAIRFAX
 Reconciliation of the
 NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS
 with the
 STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED JUNE 30, 2009

The schedule below reconciles the Net Changes in Fund Balances reported on the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balance, which measures only changes in current assets and current liabilities on the modified accrual basis, with the Change in Net Assets of Governmental Activities reported in the Statement of Activities, which is prepared on the full accrual basis.

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS (\$1,987,213)

Amounts reported for governmental activities in the Statement of Activities are different because of the following:

CAPITAL ASSETS TRANSACTIONS

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is capitalized and allocated over their estimated useful lives and reported as depreciation expense.

The capital outlay expenditures are therefore added back to fund balance 1,740,042
 Depreciation expense is deducted from the fund balance (489,462)

LONG-TERM DEBT PROCEEDS AND PAYMENTS

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets.

Proceeds from long-term debt issuance are deducted from fund balance (2,231,000)
 Capital lease financing is deducted from fund balance (281,634)

Repayment of capital lease principal is an expenditure in the governmental funds, but in the Statement of Net Assets the repayment reduces long-term liabilities.

Payment for refunded bonds is added back to fund balance 1,975,000
 Repayment of debt principal is added back to fund balance 187,030

ACCRUAL OF NON-CURRENT ITEMS

The amounts below included in the Statement of Activities do not provide or (require) the use of current financial resources and therefore are not reported as revenue or expenditures in governmental funds (net change):

Accounts receivable 117,593
 Compensated absences (102,210)
 Claims payable 95,560
 Interest payable 13,421
 Unamortized bond premium 6,841

CHANGE IN NET ASSETS OF GOVERNMENTAL ACTIVITIES (\$956,032)

Town of Fairfax
Notes to Basic Financial Statements
For the year ended June 30, 2009

1. SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Town of Fairfax, California, (Town) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental agencies. The Governmental Accounting Standards Boards (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the Town's accounting policies are described below.

A. Financial Reporting Entity

The Town was incorporated in 1931 and is situated near the cities of San Anselmo and San Rafael in the North Bay of the San Francisco Bay Area. The Town operates under the Council-Manager form of government, incorporated under general law in 1931 and provides the following services: public safety (police), planning and building, public works and streets, park services, and general administration services.

The Town is governed by a five-member council elected by Town residents. The Town is legally separate and fiscally independent, which means it can issue debt, set and modify budgets and fees and sue or be sued. The accompanying basic financial statements include the financial activities of the Town, and the primary government.

B. Basis of Accounting and Measurement Focus

The accounts of the Town are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Government-Wide Financial Statements

The Town's government-wide financial statements include a Statement of Net Assets and a Statement of Activities and Changes in Net Assets. These statements present summaries of the governmental activities for the Town, the primary government, accompanied by a total column. Fiduciary activities of the Town are not included in these statements.

These financial statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the Town's assets and liabilities, including capital assets and related current year infrastructure asset additions and long-term liabilities, are included in the accompanying Statement of Net Assets. The Statement of Activities presents changes in net assets. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Town of Fairfax
Notes to Basic Financial Statements, Continued
For the year ended June 30, 2009

1. SIGNIFICANT ACCOUNTING POLICIES, Continued

B. Basis Accounting and Measurement Focus, Continued

Government–Wide Financial Statements, Continued

Certain types of transactions are reported as program revenues for the Town and are presented in the following two categories:

- Charges for services
- Operating grants and contributions

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables and receivables. The following inter fund activities have been eliminated:

- Due to/from other funds
- Transfers in/out

The Town applies all applicable GASB pronouncements (including all NCGA Statements and Interpretations currently in effect) as well as the following pronouncements issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board (FASB) and Statements Interpretations, Accounting Principles Board (APB) opinions, and Accounting Research Bulletins (ARB) of the Committee on Accounting Procedure.

Governmental Fund Financial Statements

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. The Town has presented all major funds that met the applicable criteria.

All governmental funds are accounted for on a spending or “*current financial resources*” measurement focus. Accordingly, only current assets and current liabilities generally are included on the balance sheets. The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financial sources) and decreases (expenditures and other financial uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period.

Revenues are recorded when received in cash, except those revenues subject to accrual (generally 60 days after year-end) are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the Town, are property taxes, charges for services, federal and state grants, sales tax, and interest. Expenditures are recognized in the accounting period in which the related fund liability is incurred.

Town of Fairfax
Notes to Basic Financial Statements, Continued
For the year ended June 30, 2009

1. SIGNIFICANT ACCOUNTING POLICIES, Continued

B. Basis Accounting and Measurement Focus, Continued

Governmental Fund Financial Statements, Continued

Deferred revenues arise when potential revenues do not meet both the “measurable” and “available” criteria for recognition in the current period. Deferred revenues also arise when the government receives resources before it has a legal claim to them, as when grant monies are received prior to incurring qualifying expenditures. In subsequent periods when both revenue recognition criteria are met or when the government has a legal claim to the resources, the deferred revenue is removed from the balance sheet and revenue is recognized.

Fiduciary Fund Financial Statements

Fiduciary fund financial statements normally include a Statement of Net Assets and a Statement of Changes in Fiduciary Net Assets. The Town's fiduciary funds represent agency funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. As a result, a statement of Changes in Fiduciary Net Assets is not presented in this report.

C. Recognition of Interest Liability

In the government-wide financial statements, interest payable on long-term debt is recognized as the liability is incurred for governmental activities.

In the fund financial statements, interest payable on long-term debt is recognized as the liability is incurred.

D. Use of Restricted and Unrestricted Net Assets

When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, the Town's policy is to apply restricted net assets first.

E. Cash, Cash Equivalents and Investments

The Town pools cash and investments from all sources, for the purpose of increasing income through investment activities. Interest income on investments is allocated on the basis of average month-end cash and investment balances in each fund. Cash and cash equivalents represent cash and investments and restricted cash and investments with an original maturity term of three months or less.

Town of Fairfax
Notes to Basic Financial Statements, Continued
For the year ended June 30, 2009

1. SIGNIFICANT ACCOUNTING POLICIES, Continued

F. Capital Assets

Capital assets are valued at historical cost or estimated historical cost if actual historical cost was not available. Donated fixed assets are valued at their estimated fair market value on the date donated. Town policy has set the capitalization threshold for reporting capital assets at \$5,000. Depreciation is recorded on a straight-line basis over estimated useful lives of the assets as follows:

Buildings	40 years
Improvements other than buildings	20 years
Machinery and equipment	5-20 years
Infrastructure	20-50 years

Assets are grouped by asset type into one of the following accounts – land, land improvements, infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), buildings (and improvements), machinery and equipment, lease improvements, software, and construction in progress.

The Town defines infrastructure as the basic physical assets that allow the Town to function. The assets include streets and park lands. Each major infrastructure system can be divided into subsystems. For example, the street system can be subdivided into pavement, curb and gutters, sidewalks, medians, streetlights, landscaping and land. These subsystems were not delineated in the basic financial statements. The appropriate operating department maintains information regarding the subsystems.

G. Compensated Absences

Government-Wide Financial Statements

For governmental activities, compensated absences are recorded as incurred and the related expenses and liabilities are recorded in the Government-Wide Financial Statements.

Fund Financial Statements

In governmental funds, compensated absences are recorded as expenditures in the years paid, as it is the Town's policy to liquidate any unpaid compensated absences at June 30 from future resources, rather than currently available financial resources.

H. Property Tax Levy Collection and Maximum Rates

The State of California (State) Constitution Article XIII A provides that the combined maximum property tax rate on any given property may not exceed one percent (1%) of its assessed value unless an additional amount for general obligation debt has been approved by voters. Assessed value is calculated at 100% of market value as defined by Article XIII A and may be adjusted by no more than two percent (2%) per year unless the property is sold, transferred, or improved. The State Legislature has determined the method of distribution of receipts from a one percent (1%) tax levy among the counties, cities, school districts, and other districts.

Town of Fairfax
Notes to Basic Financial Statements, Continued
For the year ended June 30, 2009

1. SIGNIFICANT ACCOUNTING POLICIES, Continued

H. Property Tax Levy Collection and Maximum Rates, Continued

Marin County assesses, bills for, and collects property taxes as follows:

	<u>Secured</u>	<u>Unsecured</u>
Lien dates	January 1	January 1
Levy dates	July 1	July 1
Due dates	50% on November 1 and 50% on February 1	July 1
Delinquent as of	December 10 (for November) April 10 (for February)	August 31

The term “unsecured” refers to taxes on personal property other than real estate, land, and buildings. These taxes are secured by liens on the property being taxed.

Property taxes levied are recorded as revenue when received in the fiscal year of levy because of the adoption of the “alternate method of property tax distribution,” known as the Teeter Plan, by the Town and the County of Marin. The Teeter Plan authorizes the auditor-controller of the County of Marin to allocate 100% of the secured property taxes billed, but not yet paid. The County of Marin remits tax monies to the Town in four installments, as follows:

- 55% remitted on December 15
- 40% remitted on April 15
- 4.5% remitted on June 30
- .5% remitted on July 30

I. Post Employment Benefits Other than Pensions

The Town provides post-retirement health care benefits to management and miscellaneous employees starting at 10 years of service and increasing the contribution with years of service as required by current association and management agreements. The Town records premium payments on a “pay-as-you-go” basis.

Town of Fairfax
Notes to Basic Financial Statements, Continued
For the year ended June 30, 2009

1. SIGNIFICANT ACCOUNTING POLICIES, Continued

J. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires Town management to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

K. Net Assets

Government-Wide Financial Statements

In the government-wide financial statements, net assets are classified in the following categories:

Invested in Capital Assets, Net of Related Debt – This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt that attributed to the acquisition, construction, or improvement of the assets.

Restricted Net Assets – This amount is restricted by external creditors, grantors, contributors, or laws or regulations of other governments.

Unrestricted Net Assets – This amount is all net assets that do not meet the definition of “invested in capital assets, net of related debt” or “restricted net assets.”

Town of Fairfax
Notes to Basic Financial Statements, Continued
For the year ended June 30, 2009

2. CASH AND INVESTMENTS

The Town maintains a cash and investment pool, which includes cash balances and authorized investments of all funds, which the Town invests to enhance interest earnings. The pooled interest earned is allocated to the funds monthly, based on average daily cash and investment balances in these funds.

A. Summary of Cash and Investments

The following is a summary of cash and investments at June 30, 2009:

	Governmental Activities	Fiduciary Funds Statement of Net Assets	Total
Cash and investments	<u>\$2,795,184</u>	<u>\$143,692</u>	<u>\$2,938,876</u>

Deposits and investments were categorized as follows at June 30, 2009:

	Credit Quality Ratings	Fair Value	Days to Maturity
Town Treasury Deposits:			
Deposits	Not Rated	(\$413,002)	N/A
Certificate of Deposit	Not Rated	163,070	April 14, 2010
Petty cash	Not Rated	<u>300</u>	N/A
Total City treasury deposits		<u>(249,632)</u>	
Town Treasury Investments:			
Local Agency Investment Funds	Not Rated	3,180,434	N/A
Investments Held by Fiscal Agents			
Money Market Mutual Fund	Not Rated	<u>8,074</u>	N/A
Total cash and investments		<u>\$2,938,876</u>	

B. Cash Deposits

At June 30, 2009, the carrying amount of the Town's deposits was a negative balance of \$413,002. Bank balances before reconciling items were a positive balance of \$186,727 at that date, the total amount of which was collateralized or insured with securities held by the pledging financial institutions in the Town's name as discussed below.

The California Government Code requires California banks and savings and loan associations to secure the Town's cash deposits by pledging securities as collateral. This Code states that collateral pledged in this manner shall have the effect of perfecting a security interest in such collateral superior to those of a general creditor. Thus, collateral for cash deposits is considered to be held in the Town's name.

Town of Fairfax
Notes to Basic Financial Statements, Continued
For the year ended June 30, 2009

2. CASH AND INVESTMENTS, Continued

B. Cash Deposits, Continued

According to California law, the market value of pledged securities with banking institutions must equal at least 110% of the Town's cash deposits. California law also allows institutions to secure Town deposits by pledging first trust deed mortgage notes having a value of 150% of the Town's total cash deposits. The Town may waive collateral requirements for cash deposits, which are fully insured up to \$250,000 by the Federal Deposit Insurance Corporation. The Town, however, has not waived the collateralization requirements.

The Town follows the practice of pooling cash and investments of all funds, except for funds required to be held by fiscal agents under the provisions of bond indentures. Interest income earned on pooled cash and investments is allocated on a monthly basis to the various funds based on average daily cash and investment balances.

C. Investments

The Town is authorized by State statutes and in accordance with the Town's Investment Policy (Policy) to invest in the following:

- State Local Agency Investment Fund (LAIF)
- Insured and/or collateralized certificates of deposit

The Policy, in addition to State statutes, establishes that funds on deposit in banks must be federally insured or collateralized and investments shall (1) have maximum maturity not to exceed five years, (2) be laddered and based on cash flow forecasts; and (3) be subject to limitations to a certain percent of the portfolio for each of the authorized investments.

The calculation of realized gains and losses is independent of a calculation of the net change in the fair value of investments. Realized gains and losses on investments that had been held for more than one fiscal year that matured or were called/sold in the current year were included as a change in the fair value of investments reported in the prior year and the current year.

D. Risk Disclosures

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the Town's investment policy has 100% of the Town's investment portfolio mature in less than one year.

E. Investments in Local Agency Investment Funds

The Town is a participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The Town reports its investment in LAIF at the fair value amount provided by LAIF, which is the same as the value of the pool share. The balance is available for withdrawal on demand, and is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. Included in LAIF's investment portfolio are U.S. Treasuries, Federal Agency obligations, time deposits, negotiable certificates of deposits, commercial paper, corporate bonds, and security loans. The average life on investment funds invested in LAIF is 235 days.

Town of Fairfax
Notes to Basic Financial Statements, Continued
For the year ended June 30, 2009

3. INTERFUND TRANSACTIONS

A. Due To/From Other Funds

At June 30, 2009, the Town had the following short-term receivables and payables:

<u>Due from other funds</u>	<u>Due to other funds</u>	<u>Amount</u>
General Fund	Grants Capital Projects Fund	\$475,491
	Fairfax Creek Restoration Capital Projects Fund	559,531
	Town Capital Projects Fund	219,513
	Non-Major Governmental Funds	195,595
Town Capital Projects Fund	General Fund	14,670
	Measure K Special Revenue Fund	100,000
		<u>\$1,564,800</u>

The Town has recorded due to/due from for all funds requiring cash at June 30, 2009. The short-term loans will be repaid during fiscal year 2010 as cash receipts are collected for those specific funds.

B. Interfund Transfers

Transfers during the fiscal year ended June 30, 2009, were comprised of the following:

<u>Fund Receiving Transfers</u>	<u>Fund Making Transfers</u>	<u>Amount</u>
General Fund	Measure K Special Revenue Fund	\$65,000
	Non-Major Governmental Funds	1,294,349
Measure K Special Revenue Fund	General Fund	1,069,598
	Grants Capital Projects Fund	16,874
Measure K 2000 Series Debt Service Fund	Non-Major Governmental Funds	67,900
	General Fund	88,133
2002 Series Debt Service Fund	Non-Major Governmental Funds	1,977,600
	General Fund	181,365
Non-Major Governmental Funds	General Fund	201,245
	Total Interfund Transfers	<u>\$4,962,064</u>

Transfers to the General Fund were for administrative costs, claims liabilities and fire engine debt service. Transfers to all other funds were for administrative costs, capital projects and special projects.

Town of Fairfax
Notes to Basic Financial Statements, Continued
For the year ended June 30, 2009

4. CAPITAL ASSETS

The Town has reported all capital assets including infrastructure in the Government-Wide Statement of Net Assets. The Town has elected to use the basic approach as defined by GASB Statement No. 34 for all infrastructure reporting, whereby depreciation expense and accumulated depreciation have been recorded.

Infrastructure includes roads, bridges, curbs, sidewalks, drainage systems, street and traffic lights, park improvements and other improvements.

A. Government-Wide Financial Statements

The following is a summary of capital assets for governmental activities:

	Balance <u>June 30, 2008</u>	Additions	Transfers	Balance <u>June 30, 2009</u>
Capital assets not being depreciated:				
Land	\$249,888			\$249,888
Construction in progress		\$1,707,215	(\$1,064,035)	643,180
Total capital assets not being depreciated	<u>249,888</u>	<u>1,707,215</u>	<u>(1,064,035)</u>	<u>893,068</u>
Capital assets being depreciated:				
Buildings	341,183			341,183
Other improvements	1,075,301			1,075,301
Vehicles	502,514	193		502,707
Machinery and equipment	685,684	32,634		718,318
Infrastructure	8,857,930		1,064,035	9,921,965
Total capital assets being depreciated	<u>11,462,612</u>	<u>32,827</u>	<u>1,064,035</u>	<u>12,559,474</u>
Less accumulated depreciation for:

Solar Panel Lease	249,000		249,000	(16,600)	232,400	16,600	215,800
Total Government Activity Debt - Gross		6,779,600	\$2,512,634	(2,162,030)	7,130,204	248,643	6,881,561
Unamortized Premium		136,829		(6,841)	129,988	6,841	123,147
Total Government Activity Debt - Net		<u>\$6,916,429</u>	<u>\$2,512,634</u>	<u>(\$2,168,871)</u>	<u>\$7,260,192</u>	<u>\$255,484</u>	<u>\$7,004,708</u>

2000 General Obligation Bonds

2000 General Obligation Bonds in the principal amount of \$2,065,000 were issued on May 1, 2000, by the Town. These Bonds were used to fund capital improvements to the community facilities, streets, and storm drains within the town. Principal payments are payable on August 1 of each year. These Bonds were refunded through the issuance of the 2008 General Obligation Revenue Bonds on August 21, 2008.

5. LONG-TERM DEBT, Continued

2002 General Obligation Bonds

2002 General Obligation Bonds in the principal amount of \$3,000,000 were issued on June 1, 2002, by the Town. These bonds were used to fund capital improvements to the community facilities, streets and storm drains within the Town. Principal payments are payable on August 1 of each year. Interest payments are payable semi-annually on February 1 and August 1. Bonds maturing after August 1, 2009, are subject to call on any interest payment date at par, plus a premium of 1% to 2% of the principal amount. Bonds maturing on August 1, 2022, are subject to early redemption without premium on or after August 1, 2021, from the mandatory sinking fund redemptions. Term bonds maturing August 1, 2027, are also subject to mandatory early redemptions from the sinking fund payments commencing August 1, 2024. The bonds are general obligations of the Town. Annual principal and interest payments on the bonds are expected to require less than 10 percent of property tax revenues.

2006 General Obligation Bonds

2006 General Obligation Bonds in the principal amount of \$1,765,000 were issued on February 1, 2007, by the Town. These bonds were used to fund capital improvements to the community facilities, streets and storm drains within the Town. Principal payments are payable on August 1 of each year. Interest payments are payable semi-annually on February 1 and August 1. Bonds maturing on or after August 1, 2017, are subject to call on any interest payment date at par, plus a premium of 1% to 2% of the principal amount. Bonds maturing on August 1, 2026, are subject to early redemption without premium on or after August 1, 2025, from the mandatory sinking fund redemptions. Term bonds maturing August 1, 2031, are also subject to mandatory early redemptions from the sinking fund payments commencing August 1, 2028. The bonds are general obligations of the Town. Annual principal and interest payments on the bonds are expected to require less than 10 percent of property tax revenues.

2008 General Obligation Bonds

2008 General Obligation Bonds in the principal amount of \$2,231,000 were issued on August 21, 2008, by the Fairfax Financing Authority. These Bonds were used to repay the 2000 General Obligations Bonds as well as to fund certain capital projects within the Town. Principal payments are payable on August 1 of each year. Interest payments are payable semi-annually on February 1 and August 1. Bonds maturing on or after August 1, 2017, are subject to call on any interest payment date at par, plus a premium of 1% to 2% of the principal amount. Bonds maturing on August 1, 2026, are subject to early redemption without premium on or after August 1, 2025, from the mandatory sinking fund redemptions. Term bonds maturing August 1, 2031, are also subject to mandatory early redemptions from the sinking fund payments commencing August 1, 2028. The bonds are general obligations of the Town. Annual principal and interest payments on the bonds are expected to require less than 10 percent of property tax revenues.

5. LONG-TERM DEBT, Continued

Capital Lease

The Town had entered into several capital leases as of June 30, 2009. Under these lease agreements, ownerships of the assets are passed to the Town at the end of the leases. Since these leases are in essence financing arrangements, the costs of the acquiring the assets and the amounts of the leases have been included in the Town's financial statements.

Debt Service Requirements

The Town's annual debt service requirements through maturity are as follows:

For The Year Ending June 30	Principal	Interest	Total
2010	\$248,643	\$326,016	\$574,659
2011	221,013	314,141	535,154
2012	236,216	306,512	542,728
2013	251,332	298,201	549,533
2014	248,600	288,626	537,226
2015 - 2019	1,598,000	1,273,701	2,871,701
2020 - 2024	2,314,400	830,308	3,144,708
2025 - 2029	2,012,000	201,393	2,213,393
	7,130,204	3,838,898	10,969,102
Unamortized Premium	129,988		129,988
	<u>\$7,260,192</u>	<u>\$3,838,898</u>	<u>\$11,099,090</u>

Compensated Absences

Compensated absences include vacation and sick leave. It is the policy of the Town to pay 100% of the accumulated vacation leave when an employee retires or terminates. The Town recognizes the liability for its compensated absences in the governmental activities. The following is a summary of compensated absences transactions during the fiscal year ended June 30, 2009:

	<u>Governmental Activities</u>
Beginning Balance	\$197,918
Additions	113,814
Payments	<u>(11,604)</u>
Ending Balance	<u>\$300,128</u>
Current Portion	<u>\$20,000</u>

Town of Fairfax
Notes to Basic Financial Statements, Continued
For the year ended June 30, 2009

6. OTHER FUND DISCLOSURES

Expenditures over Appropriations

The following funds had an excess of expenditures over appropriations, but had adequate resources to cover the excess:

	<u>Expenditures in Excess of Budget</u>
General Fund	\$231,856
Special Revenue Funds:	
Measure K	75,651
Youth Recreation	9,027
Capital Project Funds	
Fairfax Creek Restoration	181,519
Emergency Watershed Protection	7,200

Deficit Fund Balances

At June 30, 2009, the funds below had the following deficit fund balance or net assets:

	<u>Deficit</u>
Major Funds:	
Grants Capital Project Fund	\$437,971
Fairfax Creek Restoration Capital Project Fund	475,851
Town Capital Projects Fund	104,843
Non-Major Capital Project Funds:	
Emergency Watershed Protection	83,206
Storm Capital Projects	105,158

The deficit in the Capital Project funds is expected to be recovered from grant reimbursements.

7. EMPLOYEE RETIREMENT PLANS

Substantially all Town employees are eligible to participate in pension plans offered by California Public Employees Retirement System (CALPERS), an agent multiple employer defined benefit pension plan which acts as a common investment and administrative agent for its participating member employers. CALPERS provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. The Town's employees participate in the separate Safety (police) and Miscellaneous (all other). Benefit provisions under the Plans are established by State statute and Town ordinance. Benefits are based on years of credited service, equal to one year of full time employment. Funding contributions for the Plans are determined annually on an actuarial basis as of June 30 by CALPERS; the Town must contribute these amounts. The Town's labor contracts require it to pay employee contributions as well as its own. The Plans' provisions and benefits in effect at June 30, 2009, are summarized as follows:

Town of Fairfax
Notes to Basic Financial Statements, Continued
For the year ended June 30, 2009

7. EMPLOYEE RETIREMENT PLANS, Continued

	<u>Safety</u>	<u>Miscellaneous</u>
Benefit vesting schedule	5 years service	5 years service
Benefit payments	Monthly for life	Monthly for life
Retirement age	50	50-55
Monthly benefits, as a % of annual salary	3%	2.0% - 2.5%
Required employee contribution rates	9%	8%
Required employer contribution rates	43.890%	12.902%

*Rates include amortization of side fund

CALPERS determines contribution requirements using a modification of the Entry Age Normal Method. Under this method, the Town's total normal benefit cost for each employee from date of hire to date of retirement is expressed as a level percentage of the related total payroll cost. Normal benefit cost under this method is the level amount the employer must pay annually to fund an employee's projected retirement benefit. This level percentage of payroll method is used to amortize any unfunded actuarial liabilities. The actuarial assumptions used to compute contribution requirements are also used to compute the actuarially accrued liability. The Town uses the actuarially determined percentages of payroll to calculate and pay contributions to CALPERS. This results in no net pension obligations or unpaid contributions. Annual Pension Costs, representing the payment of all contributions required by CALPERS, for the last three fiscal years were as follows:

<u>Fiscal Year</u> <u>Ending</u>	<u>Annual</u> <u>Pension</u> <u>Cost (APC)</u>	<u>Percentage</u> <u>of APC</u> <u>Contributed</u>	<u>Net</u> <u>Pension</u> <u>Obligation</u>
June 30, 2007	\$652,445	100%	\$0
June 30, 2008	666,462	100%	0
June 30, 2009	765,596	100%	0

Town of Fairfax
Notes to Basic Financial Statements, Continued
For the year ended June 30, 2009

7. EMPLOYEE RETIREMENT PLANS, Continued

CALPERS uses the market related value method of valuing the Plan's assets. An investment rate of return of 7.75% is assumed, including inflation at 3.00%. Annual salary increases are assumed to vary by duration of service. Changes in liability due to plan amendments, changes in actuarial assumptions, or changes in actuarial methods are amortized as a level percentage of payroll on a closed basis over twenty years. Investment gains and losses are accumulated as they are realized and amortized over a rolling thirty year period.

As required by State law, effective July 1, 2005, the Town's Safety and Miscellaneous Plans were terminated, and the employees in those plans were required by CALPERS to join new State-wide pools. One of the conditions of entry to these pools was that the Town true-up any unfunded liabilities in the former Plans, either by paying cash or by increasing its future contribution rates through a Side Fund offered by CALPERS. The Town satisfied its Safety and Miscellaneous Plans' unfunded liabilities by agreeing to contribute to the Side Funds through an addition to its normal contribution rates. The balance of the Side Fund for Safety was \$214,839 which will be repaid over the next 12 years. The balance of the Side Fund for Miscellaneous was \$33,216 which will be repaid over the next 11 years.

The schedule of funding progress presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. CALPERS' latest actuarial value (which differs from market value) and funding progress for the State-wide pools are shown below:

Safety Plan:

Actuarial						
Valuation Date	Entry Age Accrued Liability	Value of Assets	Unfunded (Overfunded) Liability	Funded Ratio	Annual Covered Payroll	Unfunded (Overfunded) Liability as % of Payroll
2005	\$6,367,049,264	\$5,295,150,375	\$1,071,898,889	83.2%	\$664,147,796	161.4%
2006	7,278,049,834	6,102,615,567	1,175,434,267	83.8%	754,730,438	155.7%
2007	7,986,055,176	6,826,599,459	1,159,455,717	85.5%	831,607,658	139.4%

Miscellaneous Plan:

Actuarial						
Valuation Date	Entry Age Accrued Liability	Value of Assets	Unfunded (Overfunded) Liability	Funded Ratio	Annual Covered Payroll	Unfunded (Overfunded) Liability as % of Payroll
2005	\$579,276,103	\$500,388,523	\$78,887,580	86.4%	\$129,379,492	61.0%
2006	912,988,585	787,758,909	125,229,676	86.3%	200,320,145	62.5%
2007	1,315,454,361	1,149,247,298	166,207,063	87.4%	289,090,187	57.5%

8. RISK MANAGEMENT

A. Risk Pool

The Town is a participant in the Bay Cities Joint Powers Insurance Authority (BCJPIA), which covers general liability claims in an amount up to \$1,000,000. The Town has a deductible or uninsured liability of up to \$50,000 per claim. Once the Town's deductible is met, BCJPIA becomes responsible for payment of all claims up to the limit. Other coverage includes excess insurance for claims over \$1,000,000.

The Town also participates in the BCJPIA for worker's compensation insurance. BCJPIA participates in the Local Agency Worker's Compensation Excess Insurance Joint Powers Authority's (LAWCX) risk pool which in turn purchases coverage above \$1,000,000. The Town has a deductible or uninsured liability of up to \$150,000 per claim. BCJPIA pool covers claims from \$150,000 to \$1,000,000. Claims from \$1,000,000 to \$4,000,000 are covered by LAWCX. Once the Town's deductible is met, then BCJPIA Plan becomes responsible for payment of all claims up to the limit.

Each risk pool is governed by a board consisting of representatives from member municipalities. The board controls the operations of each risk pool, including selection of management and approval of operating budgets, independent of any influence by member municipalities beyond their representation on the board. The Town's contributions to each risk pool equal the ratio of the Town's payroll to the total payrolls of all entities participating in the same layer of each program, in each program year. Actual surpluses or losses are shared according to a formula developed from overall loss costs and spread to member entities on a percentage basis after a retrospective rating.

B. Liability for Uninsured Claims

Municipalities are required to record their liability for uninsured claims and to reflect the current portion of this liability as an expenditure in their financial statements. As discussed above, the Town has coverage for such claims, but it has retained the risk for the deductible, or uninsured portion of these claims. The Town includes its claims liability amount as part of accounts payable, since the amount is considered a current liability. The Town's liability for uninsured claims based on claims experience was computed as follows:

	June 30	
	2009	2008
Balance at beginning of year	\$383,492	\$374,641
Change in liability for prior fiscal year claims and claims incurred but not reported (IBNR)	(43,133)	39,101
Claims paid	(124,497)	(30,250)
Balance at end of year	<u>\$215,862</u>	<u>\$383,492</u>

Town of Fairfax
Notes to Basic Financial Statements, Continued
For the year ended June 30, 2009

9. JOINT VENTURES

The Town participates in several active joint ventures through formally organized and separate entities established under the Joint Exercise of Powers Act of the State of California. As separate legal entities, these entities exercise full powers and authorities within the scope of the related Joint Powers Agreements (JPA), including selection of management and approval of operating budgets, independent of any influence by each member beyond representation on each Board. Obligations and liabilities of these joint ventures are not the Town's responsibility, and the Town does not have an equity interest in the assets of each joint venture except upon dissolution.

A. *Ross Valley Fire Service*

The Ross Valley Fire Service (Fire Service) was established under a 1982 Joint Exercise of Powers Agreement between the Town of Fairfax and the Town of San Anselmo for the purpose of providing fire protection, emergency medical, and related services within the Fairfax and San Anselmo area. Members of the Fire Service pay their pro rata share of the total annual contributions. Financial statements for the Fire Service may be obtained by mailing a request to the Ross Valley Fire Service, 777 San Anselmo Avenue, San Anselmo, California 94960.

B. *Ross Valley Paramedic Authority (Authority)*

The Authority is a joint powers agreement formed on December 14, 1982, by the Town of Fairfax, Town of Corte Madera, Kentfield Fire Protection District, City of Larkspur, County of Marin, Town of Ross, Town of San Anselmo, and Sleepy Hollow Fire Protection District for the purpose of providing paramedic services. The Authority is controlled by an eight member board consisting of a member from each entity. Services are provided by the County of Marin Fire District to the Authority. The Authority's operations are financed by its members, through property taxes on each residential unit and commercial property. The books and records are maintained by the City of Larkspur. Financial statements for the Ross Valley Paramedic Authority may be obtained by mailing a request to the Ross Valley Paramedic Authority, 4000 Magnolia Avenue, Larkspur, California 94939.

C. *Marin County Cable Rate Regulation Authority (Cable Authority)*

The Cable Authority was established as a Joint Powers Authority between the towns of Fairfax, Ross, San Anselmo, Tiburon and Corte Madera, and the cities of Larkspur, Mill Valley, Sausalito, San Rafael, and Belvedere, and the County of Marin. The Agreement provides for the regulation of rates for certain cable television services and equipment pursuant to the Cable Television Consumer Protection and Competition Act of 1992. The financial responsibility of each member is based on the number of cable television subscribers. Audited financial statements may be obtained by mailing a request to the Marin Telecommunications Agency at Marin County Auditor-Controller, County of Marin, 3501 Civic Center Drive, Room 225, San Rafael, CA 94903.

D. *Marin General Services Authority (MGSA)*

The MGSA was established on April 26, 2005, to replace the Marin Street Light Acquisition Authority. All the original members of the Marin Street Light Acquisition Authority are eligible for membership. The Authority is established to finance, implement, and manage various municipal services with the member agencies including taxicab regulation and information management services. All assets and funds of the Marin Street Light Acquisition Authority were transferred to the MGSA. The financial responsibility of each member is based on a relative population and assessed value formula. Audited financial statements may be obtained by a request to the Marin General Services Authority at Marin County Auditor-Controller, County of Marin, 3501 Civic Center Drive, Room 225, San Rafael, CA 94903.

Town of Fairfax
Notes to Basic Financial Statements, Continued
For the year ended June 30, 2009

9. JOINT VENTURES, Continued

E. Marin Emergency Radio Authority (MERA)

The Town is a member of MERA, along with the County of Marin and twenty-four local government agencies. The purpose of MERA is to plan, finance, implement, own, and operate a multi-jurisdictional and countywide public safety and emergency radio system. To finance this system, in 1999 MERA issued approximately \$27 million in revenue bonds. Audited financial statements may be obtained by a request to the Marin Emergency Radio Authority at Marin County Auditor-Controller, County of Marin, 3501 Civic Drive, Room 225, San Rafael, CA 94903.

10. COMMITMENTS AND CONTINGENCIES

The Town is subject to litigation arising in the normal course of business. In the opinion of the Town Attorney there is no pending litigation which is likely to have a material adverse effect on the financial position of the Town.

This page intentionally left blank.

REQUIRED SUPPLEMENTARY INFORMATION

This page intentionally left blank.

Town of Fairfax
Required Supplementary Information
For the year ended June 30, 2009

1. BUDGETARY PRINCIPLES

The Town follows these procedures in establishing the budgetary data reflected in the financial statements:

- By June 30, the Town Manager submits to the Town Council a proposed operating budget for the year commencing July 1. The operating budget includes proposed expenditures and the means of financing them. Continuing appropriations are rebudgeted by the Town Council as part of the adoption of subsequent year's budgets.
- Public hearings are conducted to obtain taxpayer comments.
- The budget is legally enacted through passage of a resolution during a Town Council meeting in the month of September.
- The Town Manager is authorized to transfer budgeted amounts within an activity, within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Town Council.
- Formal budgeting is employed as a management control device during the year for the general, certain special revenue and debt service funds.
- Budgets for the general, special revenue and debt service funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- Budgets for capital projects funds are adopted on a project-life basis.

Budgeted amounts are as originally adopted or as amended by the Town Council. Budget amendments were not material in relation to the original appropriations.

Under encumbrance accounting, purchase orders, contracts and other commitments for expenditures are recorded to reserve that portion of the applicable appropriation. Encumbrance accounting is employed as an extension of formal budgetary accounting. Since encumbrances do not yet constitute expenditures or liabilities, encumbrances outstanding at year-end are reported as reservations of fund balances.
