## Town of Fairfax Budget for Fiscal Year 2010-11

Dear Mayor and Town Council:

I present to you the Fiscal Year 2010-11 Operating and Capital Improvement Budget. This budget represents the collective efforts of Town staff to estimate revenues and expenditures for the upcoming fiscal year. Due to the continued slow economy and rising costs of health care and retirement costs this proposed draft budget has a deficit of \$205,560.

When I presented the draft budget on June 5, 2010 the deficit was estimated at \$430,375. Since June 5, 2010 the following fortuitous events have occurred to reduce the deficit to the current \$205,560:

### Additional One-Time Revenues

Ross Valley Fire Dept: Fairfax 2011 Contribution Reduction	\$23,445
Flood Zone 9 Payment for Fairfax GF contribution in 2006	\$36,500
Centronics – State Reimbursement for Brown Act Postings This was for four years (FY '06 – FY09) Annually should the program resume it is approx \$15K	\$64,870

Total Additional One-Time Revenue **\$124,815**

COPS Grant	\$100,000
Total Adjusted Revenue	<u>\$224,815</u>

After polling the other municipalities in Marin it seems appropriate to include the annual projected COPS allocation of \$100K. We will revisit this at the first quarter, and at mid-year to verify the allocated revenue.

Original Deficit	\$430,375
Additional Revenue	<u>(\$224,815)</u>
Deficit to balance now	\$205,560

At the September 11, 2010 Special Council meeting the Council directed staff to incorporate the following changes into the Draft FY 2010/11 Budget for consideration of adoption at the October 6, 2010 Town Council meeting:

1. Leave the Senior Maintenance Worker position unfilled (3 months)	\$ 18,000
2. Delete the Proposed Equity Adjustments for managers	\$ 14,000
3. Utilize the vacancies of staff positions during recruiting-Sergeant	\$ 50,000
4. Reduce Public Works Director to part-time	\$ 46,000

<b>Budget Shortfall</b>	<b>\$205,560</b>
<b>Total considered additional adjustments (1-4 above)</b>	<b>\$128,000</b>
<b>Increased Revenues (Master Fees and Encroachment Permits)</b>	<b>\$ 77,560</b>

**General Fund Expenditures and Revenues Balance           \$   0**

***Outline of Fiscal Year 2010-11***

The draft budget presented:

- Continues to leave one Maintenance Worker position vacant;
- Continue to keep one Administrative Assistant position and one Police Officer position frozen for cost savings.
- Continues to operate all budgets by 4% less than in 2008/09
- Requires paying back the Fairfax dry period fund in the amount of \$218,000 which was previously transferred in order to balance the FY 2009/10 budget. \$218,000 was the amount borrowed by the State in the property tax grab and has been paid back. The remaining \$88,000 was not paid back by the Town budget, and unanticipated revenues (COPS and Prop 172) were funded by the State despite being told that they may not be funded due to the State fiscal crisis. Both revenues are included in the funding sources for the 2010-2011 budget.
- Continues moving forward with Capital Projects that are funded thorough FEMA and Measure K.

The proposed FY10-11 General Fund Operating Budget expenditures total \$6,901,501. General Fund revenues are projected at \$6,901,501. Our projections are cautious on all revenues. We would rather be pleasantly surprised at year end than over-project revenues that may not materialize. We also predict that expenditures in FY10/11 and FY 11/12 will stabilize as labor costs will be more predictable with new employee agreements completed, which include a two-tiered retirement system and employees paying for a portion of their retirement costs out of pocket.

A Health Benefits Committee has begun meeting. There is a representative from each part of the Town organization on the Committee. The Committee will present a report to the Town Manager before the FY 2011/12 budget is adopted.

### ***Budget – Projected Deficit***

Due to the consumer price index not increasing by two percent or more the annual maximum increase of two percent in property tax revenue will not be realized, a loss of \$45,000 in projected revenue. Property tax revenue continues to be flat compared to a typical year (about a 4% increase) resulting in a loss of about \$100,000 in our projections for FY 2010/11. Rising retirement and medical costs are also contributing to the deficit. The additional costs over last year for retirement and medical costs is \$ 32,922. The pension override tax is generating the maximum amount and it is not sufficient to pay for the retirement costs, even with three employees in the second tier.

We are fortunate that our sales tax is down only a few percentage points as some cities are experiencing 20-30 percent declines in sales tax revenues for the last two years.

### ***Dry Period Fund (Reserves)***

Our projected Dry Period reserve fund level will be \$769,465. This is a significant improvement over last year's adopted budget dry period fund due primarily to the fact that the State can only borrow property tax revenues once every ten years under Proposition 1A. If revenues increase in the FY 2011/12 year it is my recommendation that at least part of the increased revenue stream be placed in the dry period fund until such time that the dry period fund has \$1 million in it. Town staff will be presenting a reserve policy for the Council to consider as part of the adoption of this budget.

### ***FEMA Projects and Reimbursements (Fund 52)***

After intense lobbying and follow-up, the Town received \$213,916 in FY09-10 from FEMA and OES and began the FEMA Audit process. The Town's disaster fund transactions are projected to be \$645,736 as we begin the new fiscal year. We completed our Town Hall, Police Station and Fire Station flood restoration projects and have three remaining FEMA projects for the FY 2010/2011. The three projects are the Peri Park retaining wall (Tennis Court Embankment); Peri Park Pedestrian Bridge; and Pastori Storm Drain Outfall.

### ***Pension Costs***

The Miscellaneous Plan rate (employer contribution) will increase from 12.84% for FY09-10 to 13.414% for FY10/11. The Safety Plan (employer contribution) rate has been expanded to include the first tier rate (original plan) of 42.451% for FY 2010/11 and a second tier rate (new plan) of 17.360% for FY10/11. The second tier rate will apply to all new hires.

CalPERS Pension costs for Fiscal Year 2010-2011:

	<u>Miscellaneous</u>	<u>Safety</u>
Employer rate	12.84%	43.18%
Employee rate (paid by Town)	6.50% **	9%
<u>Total</u>	<u>19.34%</u>	<u>52.18%</u>

\*\* Beginning January, 2010, 1.5% of the CalPERS employee pension contribution will be paid for by the employee.

The pension over ride tax revenue projection for 2010/11 is \$1,048,130. Retirement costs are projected at \$1,250, 986. This is not sustainable over the long term. The two-tiered retirement agreement which will include all staff will help stabilize the Pension fund, but if CalPERS rates continue to increase each year, and exceed the savings from the two-tiered retirement, the Town will need funding from other sources and/or initiate discussions with the labor groups about the possibility of having employees pay an even larger portion of the employee contribution to retirement benefits.

***Personnel Costs***

As a service-oriented agency, personnel costs (salaries and benefits) comprise approximately 80% of the Town’s budget. Both the POA and the Management Unit signed a one year MOU that expires June 30, 2010. SEIU signed a two year labor agreement from July 1, 2009-June 30, 2011. I am currently negotiating with POA and discussing with the Managers another MOU. FY10-11 overall payroll and benefit cost is projected to be the same as FY 09-10.

Staff members continue to wear multiple hats to balance the competing priorities of the Town, and we all take pride in our work and what we have been able to accomplish on a limited budget. Many staff members are working far more than 40 hours per week and are donating a great deal of their own time to get the job done.

***Major Capital Improvement Projects proposed or continuing:***

1. Peri Park improvements, including stabilization of creek banks (Tennis Courts) and improvements to the park: \$447,000
2. Peri Park Pedestrian Bridge: \$130,469
3. Pastori Outfall Pipe: \$68,267
4. Street Resurfacing Projects: \$124,900
5. Measure K Projects: \$84,396

***Unfunded Projects:***

As Council is aware, the Town has many needs we are not able to fund. We would like to take this opportunity to point out the following list of “one-time” projects consequently not included in this draft budget.

ONE TIME PROJECTS (Unfunded):

1. Contingency Fund for unplanned capital projects: \$50,000.
2. Retaining Wall Replacements: 65,000
3. Emergency Siren for the West End: 45,000

ONE TIME PROJECTS TO BE FUNDED:

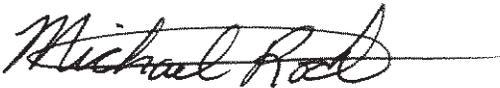

I am not recommending any one time projects to be funded due to the deficit. We have decreased expenditures in our efforts to minimize the deficit. We are also not able to add any new revenue to the "Dry Period" fund and it remains below levels of the 2007/08 and 2008/09 and 2009/10 budgets.

**Conclusion**

Staff has worked very hard on this budget and we look forward to reviewing this document with the Council and the community. I would like to thank the Town staff for their input and insights as we prepared this draft document, with special appreciation to Assistant to the Town Manager/Town Clerk Judy Anderson, Police Chief Chris Morin, Public Works Director Kathy Wilkie, and Planning and Building Director Jim Moore. Fire Chief Roger Meagor most ably assisted us with the Ross Valley Fire JPA budget. A special thanks to our Finance staff, chiefly Finance Director, Laurie Ireland-Ashley, for a dedicated and commendable job of putting together the FY 2010/11 Town Budget for the Town of Fairfax.

As always, feel free to contact me should you have any questions.

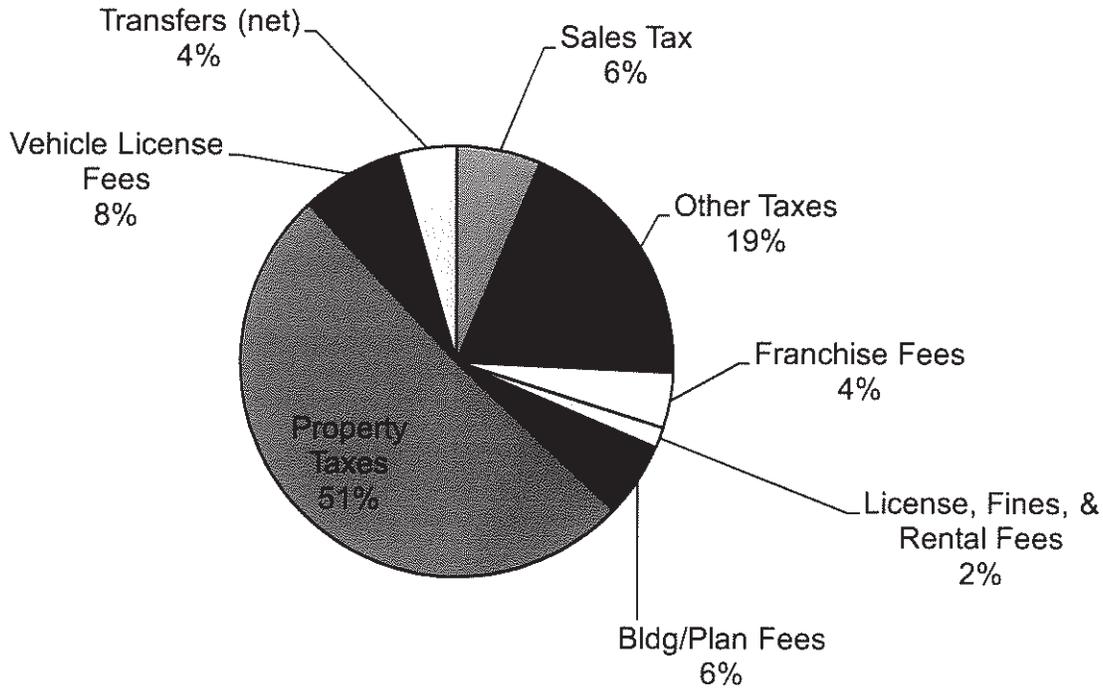

Sincerely,

## **TOWN CLERK/ELECTIONS**

### **TOWN CLERK:**

The Town Clerk is the local official who administers democratic processes such as elections, access to Town records, and all legislative actions ensuring transparency to the public. The Town Clerk acts as a compliance officer for federal, state, and local statutes including the Political Reform Act, the Brown Act, and the Public Records Act. The Town Clerk manages public inquiries and relationships and arranges for ceremonial and official functions.

This department is comprised of one person since the elimination of a shared administrative assistant position in 2006.

### **Accomplishments for 2009-2010:**

- Updates to the Town Code and beginning efforts to eliminate paper copies;
- Still working on the implementation of a Records Management System with the newly adopted Records Retention Schedule;
- Conducted an election for Council positions and Measure "I";
- Prepared the first draft of the Town's Illness and Injury Prevention Program;
- Worked with the Public Works Director to re-start the Public Safety Committee.

The challenge will be to provide the same level of service with a reduction in funding.

### **GOALS FOR 2010-2011:**

- Complete the implementation of new Records Retention Schedule and destruction of old records;
- Continue to reduce the number of paper copies of the Town Code by encouraging the use of the on-line version of the Code;

### **ELECTIONS**

There is not an election scheduled for this year but I would like to attend the Election and New Law training in Monterey in December. This is the only training that I believe is essential to my function as Town Clerk.

## **ASSISTANT TO THE TOWN MANAGER**

This position is evolving and being defined as the Town Manager and I continue to work more closely together.

We have worked together on the preparation of the Town Council packets to make them as accurate and timely as possible; on the Town's Web site to provide more information to the public; the reorganization of the administrative functions at Town Hall; and the representation on the Board of the Bay Area Joint Powers Insurance Authority.

Accomplishments for 2009-2010:

The Council packets are almost paperless with memory sticks provided to the Council and all items available on the Town's Web site;

The Town's Web site, with the very competent assistance of our consultant, Carol Golsch, has been reorganized and re-designed;

The supervision of two employees, Administrative Assistant II Susan Waters and Community Resources Coordinator Maria Baird, has been given to me along with the oversight of the FOCAS programs in an effort to streamline Town Hall functions and this change has already resulted in better communication.

### **GOALS FOR 2010-2011:**

- Complete integration of the FOCAS programs with the implementation of exciting new youth programming working with the Youth Commission and the Parks and Recreation Commission;
- Continued improvement and expansion of the role of the Web site

ACTIVITY DESCRIPTION

This activity contains the debt service requirements for the Town's Measure K General Obligation Bonds that were passed in November 1999. The first debt service payment was due on February 2001 and the last payment will be due on August 1, 2025. The debt service schedule is based on an escalating schedule meaning that each year through 2025, the Town's debt service will increase on a gradual basis.

The Town borrowed the third and final Measure K series (\$1,765,000) in August of 2006. The interest and principal payments related to this third series began in the 2006-2007 fiscal year.
